**7** Services or Equipment Sources

7.1	List any and all entities, companies or individuals which provide services or equipment to the department which are essential to the functioning or effectiveness of the Surveillance Technology (list " $N/A$ " if not applicable):
	<b>Response</b> Bibliotheca
8	Surveillance Technology Goals
8.1	Has the surveillance technology been effective at achieving its identified purpose?
	Response
	(Yes)
8.2	In 3-5 sentences, please explain how the technology has or has not been effective
	Provide quantitative data to support your response. This should include crime statistics for the radius where the technology operates if that was a motivating factor in acquiring the surveillance technology.
	<b>Response</b> SFPL patrons save considerable time when physically checking out library materials through self-check because they
	can now check out multiple items at once using RFID technology. Further, library staff have reported ergonomic
	conditions have improved in check-out processes since they no longer need to grasp materials and hold them while using a barcode scanner. The implementation of RFID in SFPL check-out procedures has been very effective.
9	Data Sharing
9.1	Has data acquired through the surveillance technology been shared with entities outside of the department?
	Response
	(No)
9.4	Was the data shared with entities outside of city and county government?
	Response
	No
10	Accidental Receipt of Face Recognition Data
10.1	Did your department inadvertently or unintentionally receive, retain, access or use any information obtained from Face Recognition Technology?
	Response
	No
11	Complaints
11.1	surveillance technology?
	Response (No)

12 Violations

12.1	Were there any violations of the Surveillance Technology Policy or Surveillance Impact Report, reported through community members, non-privileged internal audits, or through other means last year?		
	Response (No)
